

International Workshop on **DESIGN & VERIFICATION OF SPACECRAFT STRUCTURES**

Organized by Politecnico di Torino and AIDAA Education & Academy
Politecnico di Torino & live on AIDAA Webex

Dec 13th, 2022, 15:00-18:00, Energy Center & online

Alberto Garcia de Miguel, SISW

*Environmental acoustic testing of space
structures: state-of-the-art and beyond*

Dec 20th, 2022, 8:30-11:30, online

Adriano Calvi, ESA

*Defining spacecraft mechanical loads: a
road map from design to verification*

Jan 10th, 2023, 8:30-11:30, Energy Center & online

Pietro Nali, TAS-I

Analysis and testing of space structures

Politecnico
di Torino
